# Fundraise During Festival Fortnight!

Festival Fortnight is Scotland's LGBTIQ+ sports festival held between 17th and 30th of June. During the festival partners across the country host events to celebrate the LGBTIQ+ community in sport. For more information on the festival you can find our Partner's Handbook [here](#).

Your workplace, sports club or group of friends can be a part of the festival by raising much needed funds, to support LEAP Sports Scotland's wider work!

This includes supporting members of our community who suffer with poor mental health, working with refugees, developing new grassroots clubs and providing sport opportunities for LGBTIQ+ youth.

Fundraisers can be anything - from physical challenges, such as running the length of the country on a treadmill, to hosting social events like pub quizzes. All we ask is that there is an element of sport and involvement of the LGBTIQ+ community.
